OBJECTIVE

As a Computer Science student, I aim to enhance my understanding of core concepts and methodologies in the field while actively seeking opportunities for hands-on experience through projects, research, and internships. My goal is to contribute to technological advancement and innovation, becoming a proficient and adaptable professional in the computer science industry.

Education

Mewar University Rajasthan ,Chittorgarh Rajasthan <i>Bachelor of Technology in Computer Science</i> <ul style="list-style-type: none">◦ CGPA: 7/10	June 2021 – Present
Bright Moon Public School, CBSE Board , Jaipur, Rajasthan <i>12th</i> <ul style="list-style-type: none">◦ CGPA: 6/10	20220 - 2021
Tagore Public School CBSE Board Jaipur, Rajasthan <i>10th</i> <ul style="list-style-type: none">◦ CGPA: 7.5/10	2018 - 2019

Internship Experience

React Js Developer Intern <i>Ronak WebTech</i> <ul style="list-style-type: none">◦ Developed full-stack web applications using Node.js and React, gaining hands-on experience in both front-end and back-end development. Collaborated with a team to design and optimize web applications for improved performance and scalability.	June 2024 – Aug 2024
JavaScript Developer Intern <i>Flipshope</i> <ul style="list-style-type: none">◦ Developed responsive web interfaces using HTML, CSS, and JavaScript for consistent user experiences across devices. Worked with teams to design user-friendly layouts with a focus on usability and aesthetics.	June 2023 – Aug 2023

Projects

Link Shortner <ul style="list-style-type: none">◦ Created a URL shortener using Node.js, Express, and MongoDB. The app shortens long URLs and redirects users to the original link. Technologies Used: Node.js, Express, MongoDB Key Features: URL shortening, redirection, and MongoDB storage.	github 
My Portfolio <ul style="list-style-type: none">◦ Developed a personal portfolio website using React, Material-UI, and Bootstrap to showcase projects and skills. Demonstrated front-end development proficiency with a focus on UI/UX design, while ensuring an interactive and engaging user experience.	github 
User Authentication <ul style="list-style-type: none">◦ This project demonstrates how to implement secure user authentication in a Node.js application using JWT (JSON Web Tokens), Express.js, bcrypt for password hashing, and MongoDB for storing user data.	github 

Technical Skills

Frontend: HTML, CSS, React **Programming Languages:** Java, C, C++, JavaScript, Python **Libraries/Frameworks:** NumPy, Pandas, Matplotlib **Backend:** Node.js, Express **Databases:** MySQL, MongoDB
